SKILLS

Hard

- Blocking
- Layout
- Prototyping
- Documentation

Soft

- Emotional intelligence
- Collaboration
- Systemical thinking
- Active listening

LANGUAGES

- Native
- Native
- Professional
- Notions

EDUCATION

BACHELOR'S DEGREE

2023-2027
GAME SUP

- Game Design

2017 - 2021
ITI COPERNICO

- Computer Science

PROFILE

I'm finishing my studies at Game Sup and looking for an internship in Level Design to gain more experience, meet fellow videogame enthusiasts around the globe and craft daydreams worlds.

WORK EXPERIENCE

Level Designer — 6 WEEKS - 2026
The Flowering Dead

- I created a map in collaboration with the Levels Artists to create an environment that could fit its' Boss intentions
- The Boss was meant to feel gigantic, so I used different scaled and shaped object that could create that feeling
- The story of the world is told through environmental narration with elements that also integrate the gameplay.

Level / Narrative Designer — 3 WEEKS - 2026
Pestilence

- Starting from an existing IP, I had to take it and create my version of it, reworking the concept and its intentions
- Iteration of different layouts to find the one alligned with my intentions for the dark ambience wanted
- Created character that feel relatable by focusing their background on traits that make them believable

Level Designer — 4 MONTHS - 2025
Thief

- Created a variant of an existing level with a new main feature
- I developed with another Level Designer a playable protoype
- Management of light to serve the stealth gameplay and the mood of the map
- Integration of the main antagonist backstory into the level, possible by encouraging exploration with lighting and NPCs

Narrative Designer — 4 WEEKS - 2024
The Initiate

- Conception of a new universe from scratch through a game bible
- I created multiple character to discuss different thematics and points of views, avoiding flat characters
- Integration of dialogs to sustain the RPG dynamic with mutliple choices

SOFTWARES

TO KNOW ME BETTER

- Parkour
- Table top games
- Miniature painting
- Photography
- Music
